Purpose and Scope

The objectives of Journal of Composites Technology & Research are (1) to provide a forum for the presentation, discussion, and dissemination of information on composite materials and their response to the environments in which they are used, especially the engineering and technology of their application to components and structures, and (2) to provide a means of communication for researchers, developers, producers, users, suppliers, and professional organizations concerned with composite materials.

The editorial scope includes full-length technical articles, technical notes (Composites Review), preliminary technical communications (Research Briefs), news articles and announcements (World of Composites), book reviews, letters, and discussions of previously published work.

EDITOR-IN-CHIEF
Dr. W. Steven Johnson
NASA-Langley Research Center
MS 188E
Hampton, VA 23665

CO-EDITORS
Dr. Paul A. Lagace
Massachusetts Institute of Technology
77 Massachusetts Ave., Room 33-313
Cambridge, MA 02139

Dr. John E. Masters
Lockheed Engineering and Science
NASA-Langley Research Center
MS 188E
Hampton, VA 23665

EDITORIAL BOARD
Dr. Donald F. Adams
Composites Materials Research Center
University of Wyoming
Laramie, WY 82071

Dr. Chris C. Chamis
NASA Lewis Research Center
National Aeronautics and Space Administration
Cleveland, OH 44135

Dr. Fu-Kuo Chang
Stanford University
Stanford, CA 94305

Mr. Samuel P. Garbo
Sikorsky Aircraft Div.
United Technologies Corp.
6000 Main St., (331A2)
Stratford, CT 06601-1381

Dr. Ronald F. Gibson
Mechanical Engineering Dept.
Wayne State University
Detroit, MI 48202

Dr. Michael W. Hyer
Engineering Science and Mechanics
Virginia Polytechnic Inst. and State U.
Blacksburg, VA 24061-0219

Dr. Ori Ishai
Technion-Israel Institute of Technology
Dept. of Mechanical Engineering
Technion City 32000 Haifa, Israel

Dr. Frank K. Ko
Drexel University
3225 Chestnut Street
Philadelphia, PA 19104

Dr. L. N. McCartney
National Physics Laboratory
Building 13
Teddington, Middlesex TW11 OLW
United Kingdom

The American Society for Testing and Materials is not responsible, as a body, for the statements and opinions advanced in this publication.

Subscriptions: United States and Canada for 1 year $38.00 (members $28.00), for 2 years $66.00 (members $48.00), for 3 years $87.00 (members $60.00); Foreign for 1 year $43.00 (members $32.00), for 2 years $76.00 (members $56.00), for 3 years $102.00 (members $72.00). Single copies are $14.00. To subscribe, please send prepaid order to ASTM, Subscription Dept.—CTR, 1916 Race St., Philadelphia, PA 19103.

Journal of Composites Technology & Research is indexed regularly by Engineering Index, Inc., and is available on microfilm from University Microfilms, a Xerox company, Ann Arbor, MI. Copyright 1990 by the American Society for Testing and Materials.

Change of address: Please return entire addressing label on wrapper to Journal of Composites Technology & Research, ASTM, Subscription Dept.—CTR, 1916 Race St., Philadelphia, PA 19103 along with new address.
General Information
This publication is one of many issued by ASTM in connection with its work in promoting knowledge of the properties and performance of materials, products, systems, and services and in developing standard specifications and test measurement techniques. Much of the information results from voluntary contributions of many of the leading technical authorities from industry, scientific agencies, and government. A list of ASTM publications and additional information will be furnished on request.

Information for Authors
All contributions to Journal of Composites Technology & Research are subject to editing to bring them into accordance with ASTM style. Technical articles are also subject to peer review. Emphasis is placed on composites technology that bridges the gap between industry and the research and development community. Papers must contribute to the permanent literature, be of immediate interest to ASTM members, or be of general interest to a substantial part of the technical community. Articles that have been published or submitted for publication elsewhere or papers of an advertising or promotional nature cannot be printed in the Journal of Composites Technology & Research. The paper must not be seriously defective as to literary form and structure, continuity of thought, and clarity of expression. Authors should observe the conventions of style explained in the ASTM Style Manual. Since the journal does not request page charges, the author is expected to conform to these standard conventions. The original manuscript and five clear copies, including original illustrations, should be sent to Kathy Greene, Manager, Acquisitions and Review, ASTM, 1916 Race St., Philadelphia, PA 19103 (215-299-5581).

In Appreciation
The high quality of the technical papers in this publication is a tribute not only to the obvious efforts of the authors represented but also to the unheralded, though essential, efforts of their reviewers. It is to the reviewers’ dedication to upholding the high standards of their profession that this note pays tribute. On behalf of ASTM and the authors as well, we acknowledge with appreciation their important contribution to the success of this journal.

MOVING?
To insure uninterrupted service on your CTR subscription, please notify us at least six weeks before you move.

1. Attach your address label from a recent issue in the space provided opposite. (If label is not available, be sure to give your old address, including Zip Code)
2. Print your name, membership no., and address below. (Be sure to include Zip Code)
3. Mail entire notice to: ASTM-CTR
1916 Race St.
Philadelphia, PA 19103
