In Appreciation

The high quality of the papers that appear in this publication is a tribute not only to the obvious efforts of the authors represented but also to the unheralded, though essential, efforts of the reviewers. It is the reviewers' dedication to upholding the high standards of their profession that this note pays tribute. We acknowledge with appreciation their important contribution to the success of this journal. The following individuals served as guest/invited reviewers for Volume 29 of the *Journal of Forensic Sciences*.

- Mary Ambler, M.D.
- Sanford Angelos, M.S.
- R. G. Billinghurst
- Dr. James Dunning
- Suzanne Froede, M.A.
- B. D. Gaudette
- Vincent P. Guinn, Ph.D.
- Richard Lindenberg, M.D.
- F. Warren Lovell, M.D.
- Eleanor McQuillen, M.D.
- J. Osterburg, M.P.A.
- Paul Sedgwick, B.A.
- Wallace D. Winters, M.D., Ph.D.

*All F tests for variance were nonsignificant.

2-tail test was significant at the 0.01 level; d.f. = degrees of freedom.
