Erratum

The current sentence reads, “Viewed another way, among the 67 murders where the victim is disposed of in some unusual manner, 20.9% are staged, and 9% are posed, leaving 70.1% which are unusual but not staged or posed.”

The corrected version should read, “Viewed another way, among the 67 murders where the victim is disposed of in some unusual manner, 20.9% are posed, and 9% are staged, leaving 70.1% which are unusual but not staged or posed.”

Also, the word “Unusual” is misspelled in the title inadvertently.
