The Journal of Testing and Evaluation is published bimonthly by ASTM, a nonprofit technical organization that develops and publishes voluntary consensus standards and related information for materials, products, systems, and services. Contributions are peer reviewed prior to publication.

The editorial objectives of this journal are to serve a broad-based audience by:

1. Publishing new technical information derived from the field and laboratory testing, performance, quantitative characterization, and evaluation of these materials, products, systems, and services.
2. Presenting new methods and data and critical evaluations of these methods and data.
3. Reporting the users' experience with test methods and the results of interlaboratory testing and analysis.
4. Providing the scientific basis for both new and improved ASTM standards.
5. Stimulating new ideas in the fields of testing and evaluation.

Journal of Testing and Evaluation (ISSN 0090-3973) is published bimonthly by ASTM as part of the Testing and Evaluation Series, which includes the Geotechnical Testing Journal (published quarterly), Journal of Composites Technology & Research (published quarterly), and Cement, Concrete and Aggregates (published semi-annually). Publication and editorial offices are located at ASTM Headquarters, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959.

Subscriptions. United States and Canada for 1 year $109.00 (members $98.00), for 2 years $185.00 (members $167.00), and for 3 years $245.00 (members $221.00). For foreign 1 year $120.00 (members $108.00), for 2 years $204.00 (members $184.00), and for 3 years $270.00 (members $243.00). Single copies are $35.00. To subscribe, please send prepaid order to ASTM, Subscription Dept.—JTE, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959. Journal of Testing and Evaluation is indexed regularly by Engineering Index, Inc., and is available on microfilm from University Microfilms, A Xerox Co., Ann Arbor, MI. Second-class postage paid at Philadelphia, PA.

Information for Authors

The **Journal of Testing and Evaluation** publishes original articles of the following types:

**Full-Length Papers** (3000–5000 words)
- Reports of Original Investigations (research and field applications papers).
- Review Articles (state-of-the-art or literature reviews).
- Interlaboratory Research Reports (including data and statistical analysis).
- New Procedures (currently under development by a committee or authored by an individual).
- Case Studies (reports and analyses of noteworthy events or situations).

**Shorter Technical Communications** (500–1500 words)
- Technical Notes (brief papers on specific topics).
- Research Briefs (advance communications that will be followed by full-length papers).
- Conference Reports (extended abstracts).

**Commentary** (500–1000 words)
- Discussions of Previously Published Papers.
- Letters to the Editor.
- Invited Editorials.
- Reviews of Books and Standards.

The subject matter must not be of a speculative nature and the contents must not include materials of an advertising nature. The paper must not be seriously defective as to literary form and structure, continuity of thought, and clarity of expression. The substance of the paper should not have been published previously in the open literature.

Authors preparing papers for submittal should observe the conventions of style explained in the ASTM Style Manual. Since the journal does not request page charges, the author is expected to conform to these standard conventions for style. SI units are to be used throughout; if data were not measured in SI units, a note should appear to that effect and the original units should be included in parentheses after the SI units.

The original manuscript and four clear copies, including original illustrations, should be submitted to Kathy Dernoga, Manager, Acquisitions and Review, ASTM, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959.
